we are the **AIR**chitects

 **elica**
aria nuova

THE AIR INSIDE THE HOME CAN BE “DESIGNED”.

ELICA CAN CONTROL THE “ARCHITECTURE OF THE AIR” WITH INTELLIGENT RANGE HOODS, CAPABLE OF AUTOMATICALLY MONITORING & IMPROVING AIR QUALITY, WHICH PROTECTS THE KITCHEN AND PERSONAL HEALTH.

THE HALLMARKS OF THE ELICA PHILOSOPHY ARE DRAMATIC ELEGANCE, TIMELESS ITALIAN DESIGN, HIGH PERFORMANCE AND EXCEPTIONAL CONVENIENCES ACHIEVED THROUGH CUTTING EDGE TECHNOLOGIES.

FROM SIMPLE “WORKSHOP” BEGINNINGS IN FABRIANO, ITALY IN 1970, ELICA HAS GROWN TO BE THE #1 MANUFACTURER OF RANGE HOODS IN THE WORLD, PRODUCING OVER 5 MILLION UNITS PER YEAR IN FACTORIES THROUGHOUT ITALY, POLAND, GERMANY, CHINA, INDIA, JAPAN, AND THE AMERICAS. NO OTHER MANUFACTURER COMBINES SUCH AN INSPIRED CHOICE OF MATERIALS, WITH AN UNPARALLELED DEDICATION TO DESIGN, TECHNOLOGY AND QUALITY.

FOR DECADES, MANY OF THE WORLD’S LEADING APPLIANCE BRANDS HAVE TRUSTED ELICA TO BUILD RANGE HOODS UNDER THEIR OWN BRAND, TO COMPLEMENT THEIR OFFERING OF STOVES AND COOKTOPS. IT’S A TESTIMONIAL TO ELICA’S SUPERIOR QUALITY AND CRAFTSMANSHIP. ODDS ARE, YOU HAVE AN ELICA PRODUCED HOOD IN YOUR HOME BUT JUST DIDN’T KNOW IT.

NIKOLATESLA 
DESIGN FABRIZIO CRISÀ

The first aspirating hob by Elica. The aspiration system, equipped with a central fan, can reach very high performance levels in terms of fume capture, noise level and energy efficiency. Thanks to a direct communication with the hob, NikolaTesla receives the information coming from the cooking zones and automatically sets ideal aspiration values. Available both in aspiration and filtering mode, the hob has been designed to fit in any type of living space.

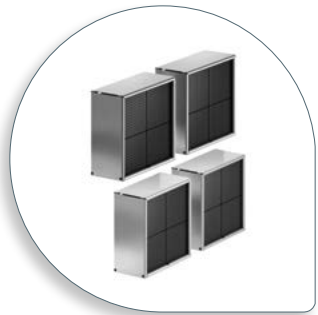

COOKTOP & HOOD

AN UNCONVENTIONAL UNION
FOR ANYONE WHO LOVES
THINKING OUTSIDE THE BOX.

 elica

By opening the cove, you can remove the four batteries of the high performance ceramic filter (regenerable) and empty the liquid collection safety compartment, which is the only component that can protect the motor in case of leakage of cooking liquids.

By removing the grid, you can easily reach the aluminum grease filter thus performing easy cleaning.

The drain valve guarantees cleanliness also in the case of abundant overflow of liquids

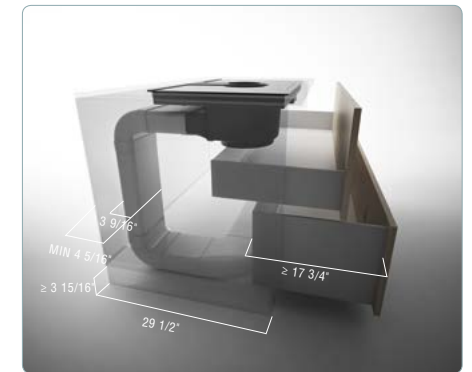

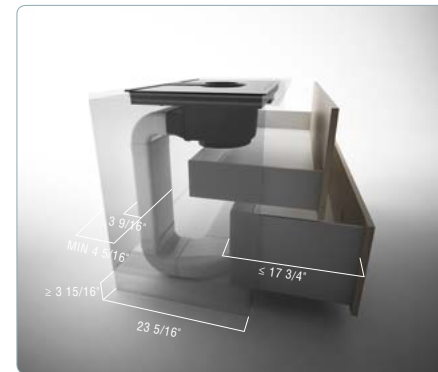

Cooking vapors and odors rise to the top at a speed of about 1 m/s and are then captured by NikolaTesla, which has a fumes capture speed of 5,1 m/s. In this way, the depression that is created is able to effectively catch all the vapors and odors that are generated.

Elica Patent
102016000034820

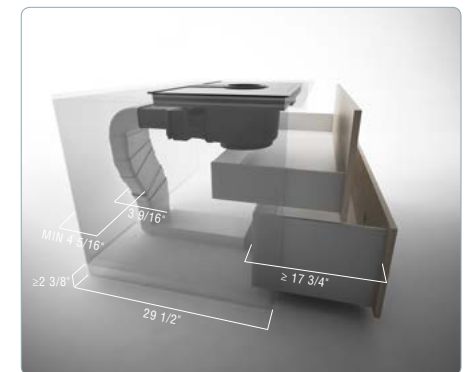

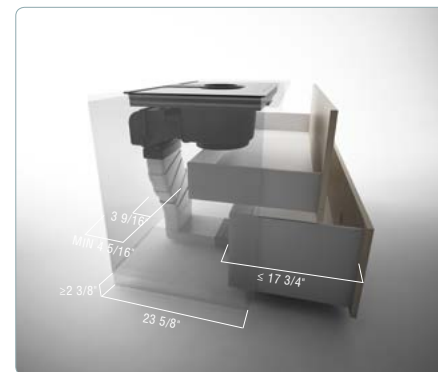

NikolaTesla has been conceived to guarantee maximum installation flexibility, in order to best use the cabinet internal spaces, thanks to a movable rear piping, which can be positioned close to the back, allowing for the use of deeper and more spacious drawers.

Cooking vapors are conveyed to the outside by means of compact pipes that pass into the free space found under the bases, provided that the base board height is superior than 100 mm.

NIKOLATESLA STANDARD DUCT-OUT MODE

NIKOLATESLA STANDARD RECYCLING MODES

In the standard filtering version, NikolaTesla is equipped with everything you may need for installation, including the exclusive chrome-plated profile that finishes the cut on the base board necessary for the air outlet. Thanks to the special components provided by Elica, installation is also possible in kitchens whose base board height is superior than 60 mm.

STREAM GOLDEN COOKTOPS

A LINE OF INDUCTION COOKTOPS WITH CONTEMPORARY DESIGNS THAT OFFER THE USER WITH UNIQUE FEATURES, ENHANCED CONVENIENCE AND PERFORMANCE. ELICA INDUCTION COOKTOPS COME EQUIPPED WITH STEAM TECHNOLOGY, WHICH IS A WIRELESS SENSOR SYSTEM THAT CONNECTS THE COOKTOP WITH ELICA STREAM HOODS. THE HOODS STREAM AND RECEIVE INFORMATION FROM THE COOKTOP ABOUT THE TYPE OF COOKING, AND REGULATE THEIR ASPIRATION SETTINGS ACCORDINGLY.

METEORITE ISLAND

DESIGN FABRIZIO CRISA

Black glass and polished stainless steel in its island version, like all of the hoods in the Elica Stream line, also METEORITE ISLAND is meant for anyone who loves high-technological solutions, where Elica hoods and cooktops, automatically communicate with one another, recognizing quality and quantity of cooking vapors, thus accordingly adjusting performance levels. With Perimeter Aspiration technology helps achieve Top Performance by delivering more powerful and efficient fume extraction plus it reduces noise. METEORITE ISLAND includes a powerful 550 CFM blower, Strip LED lighting and tunable white with glass capacitive touch controls.

TITAN's bold appearance is inspired by professional restaurant kitchens and projects a similar forward sloping design that opens up the kitchen and delivers added head room & safety for the busy gourmet. TITAN features 25" depth and an extra powerful 1200 CFM internal blower that will handle the most ambitious menu and features backlit hidden knobs, which operate the 4-speed blower and halogen lighting. No ear plugs required with TITAN's HUSH sound suppression system, which enables you to comfortably talk and entertain, even when cooking up a storm. TITAN is designed for standard ducted ventilation only.

WHEN YOU NEED
A STRONG ALLY AT
YOUR KITCHEN

Give your professional kitchen a splash of Italian design with LEONE's crisp lines, seamless welded corner craftsmanship, beveled rim and gleaming stainless steel. Most importantly, LEONE has the extra depth (24") and power (1200 CFM on 36" & 42" widths) needed to support professional ranges and cooktops. No ear plugs required with LEONE's HUSH sound suppression system, which enables you to comfortably talk and entertain, even when cooking up a storm. Available in 30", 36" and 42" widths, LEONE features backlit hidden knob controls, which operate the 4-speed blower and halogen lighting. Easy maintenance and a cleaner kitchen are assured with professional stainless steel baffle filters. LEONE is designed for standard ducted ventilation only.

FOR COOKING
LOVERS WITH A
PROFESSIONAL
STYLE

COMPACT AND EFFICIENT

AREZZO provides professional performance, while being discreetly mounted inside the cabinetry. AREZZO is available in 28 1/2" width with a 600 CFM blower, and equipped with a 1200 CFM blower for widths of 34 1/2", 40 1/2" and 46 1/2" for extraordinary ventilating power. With new backlit hidden knob controls operate the 4 speed blower and halogen lighting. Easy maintenance, higher efficiency and a cleaner kitchen are ensured by Elica's patented Baffle Slot Filters, which capture a higher percentage of contaminants and hold larger volumes of grease than traditional baffle filters. AREZZO is designed for standard ducted installation only.

AREZZO 
ELICA DESIGN CENTER

For homeowners who are passionate about the culinary arts, the seamless welded corner craftsmanship, traditional styling and gleaming stainless steel of CALABRIA, provides the look and performance you expect from a professional-grade range hood. With the new backlit hidden knob controls and traditional baffle filters, CALABRIA is available in 30", 36", 42", and 48" widths and equipped with a 600 CFM (30") or 1200 CFM blower (36", 42", 48") to support all cooking needs. CALABRIA is designed for standard ducted ventilation only.

THE POWER
THAT FITS
YOUR KITCHEN

WALL-MOUNT

LOW NOISE
LEVEL AND TOP
PERFORMANCE

Black glass and polished stainless steel, FOGLIA features a gently arched front that softens the units profile and provides an angled panel for easy access to the controls. Available in 30" & 36" widths, FOGLIA includes a powerful 600 CFM blower, LED lighting with dimmable feature, stainless steel microhole filters and glass capacitive touch controls that deliver convenience and safety. Designed for standard ducted installation, FOGLIA can also be installed as a recirculating system using the Recirculating Kit, available as an accessory.

≡ PALERMO

ELICA DESIGN CENTER

PALERMO provides top performance, while it's 28 1/4" width and 10 3/4" depth enables it to be discreetly installed within standard 12" deep cabinetry, making it ideal for smaller kitchens or where the range hood needs to be out of sight. PALERMO has a powerful 600 CFM blower to support most cooking needs. Stylish stainless steel push button controls operate a 3-speed blower and LED lighting.

Easy maintenance, higher efficiency and a cleaner kitchen are ensured by Elica's patented Baffle Slot Filters, which capture a higher percentage of grease and hold larger volumes of grease than traditional baffle filters. PALERMO is designed for standard ducted or recirculating installation."

INSERT

OUT OF SIGHT
POWER

elica

When the view out your kitchen window is too spectacular to disrupt with a range hood, Elica's RISE is the perfect solution. RISE recesses completely out-of-sight into the countertop (when not in use), but when it's time to cook, RISE elevates a full 14" above the countertop. On top of that, Elica added Perimeter Aspiration Technology, which increases suction 35% and actually draws air from the front burner effectively, to create the best functioning downdraft on the market. RISE comes equipped with a powerful 600 CFM internal blower, which is operated by an electronic rotating control that's flush mounted into the countertop or cabinet face.

RISES ABOVE
THE MARKET

DOWNDRAFT

CAPTIVATING HIGH DESIGN

EASY brilliantly glossy finish reflects the world around it like a kaleidoscope, and provides a powerful visual impact, while the modern, clean-lined definition makes it easily adaptable to a variety of styles and environments. Many are misled by EASY's pendent light appearance, LED lighting and perimeter aspiration are pleased to find its decorative qualities by a high functioning range hood hidden within.

When the view out your kitchen window is too spectacular to disrupt with a large range hood, Elica's SIENA is the perfect solution. SIENA literally installs into the ceiling and is discreetly flush mounted, which allows the cabinetry and outdoors to take center stage. However, when it's time to cook, Siena will easily do the job. SIENA comes equipped with a powerful 600 CFM, In-line blower, which is mounted in the attic for added silence and peacefulness. The 43" x 27" size provides excellent capture area, and in addition, Perimeter Aspiration Technology has been included, which increases suction 35%, making Siena a highly effective hood despite its out-of-sight location. SIENA's bright halogen lighting is dimmable and infinitely adjustable to set just the right mood. Also, both the lighting and 4 speed blower are conveniently operated by an ergonomic remote control.

ISLAND

MODERN DESIGN AND PERFORMANCE

WALL-MOUNT

VOLTERRA with its pyramid shaped angles and stainless steel finish make it a visually striking statement to any kitchen. Available in 30" or 36" widths, Volterra features backlit pushbutton controls that manage multiple functions, including LED lighting and the internal 3-speed blower. VOLTERRA features a telescopic chimney for ducted installation heights of 7'11" to 9'2" ceilings. Designed for standard ducted installation VOLTERRA can also be installed as a recirculating system using the Recirculating Kit, available as an accessory.

VOLTERRA 
ELICA DESIGN CENTER

WALL-MOUNT

SPACE SAVE
MINIMALIST

The slim ALLASIO with 4 3/4" height is ideal where under-cabinet space is limited, plus the contemporary styling and gleaming colors will compliment other appliances and most cabinetry. ALLASIO features a 3-speed, 300 CFM internal blower, which provides sufficient ventilating power for most kitchens. The attractive, backlit push button controls illuminate an elegant blue glow when activated and allows the user to manage blower speeds and dual LED lamps. Dishwasher-safe anodized aluminum mesh filters are easy to clean and a snap to remove and replace. Available in 30" or 36" widths, ALLASIO is designed for standard ducted installation, and can be installed as a recirculating system, using the Recirculating Kit.
